ENERGY POLICY DOCUMENT

We are committed to buying and using energy in the most cost-effective, efficient and environmentally responsible way possible.

- ✚ Making efficient use of energy, minimising waste and using "Green" energy where possible
- ✚ Reducing our carbon footprint in line with annual targets
- ✚ Continually improve our energy performance by reducing our energy use on an annual basis
- ✚ Where possible prevent pollution of the environment from our activities and/or reduce the impact and amount of any pollution caused by our activities
- ✚ Provide information as appropriate to those requesting it in relation to the business'
- ✚ energy performance, to include regular updates to staff regarding our energy use.
- ✚ Carryout a periodic review of this system at least once per year
- ✚ Work to continually improve our Energy Management System through the Plan, Do, Check Act process
- ✚ Provide appropriate training

To achieve this, we will:

- ✦ Set an action plan and provide sufficient resource to achieve these objectives
- ✦ Monitor our progress against these objectives and periodically review our progress
- ✦ adjusting our plan and resources as appropriate to ensure our objectives are met
