### 7.3: Institutional Distinctiveness

#### 7.3.1: Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words

Sahakar Maharshi Loknete Marutrarao Ghule Patil is a progressive thinker who values social causes more than politics and achieves development through constructive work, whose work has contributed significantly to the development of the Ahmednagar district. To realize the motto "*Bahujan Hitaya, Bahujan Sukhai*", this visionary Karmayogi planted seeds of Janata Shikshan Prasarak Mandal in the year 1959 in this small village of Dahigaon-ne, which is the last end of Ahmednagar district and affected by the Jayakwadi Multi-Purpose Project, and today it has transformed into a huge banyan tree. Seeing this flourishing of the institution, from Dnyaneshwari, Reminds the OVI-

*“Ivalesse Rop Laviyele Dwari,*

*Tyacha Velu Gela Gaganavari”.*

With the noble intention that the spirit of the organization should not only be a spirit but also its actual implementation, the Late Marutarao Ghule Patil worked tirelessly for the welfare of poor people. Educational institutions were established for the education of children in the locality. Today, the children of these rural areas are leaders in various fields by taking education in this institution. The purpose of the river of education started by the Late Marutarao Ghule Patil is not only literacy but to transform society, to gain the importance of education, the dignity of work and thoughts also to use the knowledge gained from this for society, the current president of the organization who is carrying forward the legacy of the Late Marutarao Ghule Patil's social and educational work at the same pace. Ex. MLA Dr. Narendraji Ghule Patil and Ex. MLA Chandrashekhar Ghule Patil with the vision “to provide affordable educational environment for meeting society’s need making educated, skilled and highly potential masses in rural area” established Loknete Marutrarao Ghule Patil Mahavidyalaya in 2012 at Dahigaon-ne which made the doors of higher education open for the children affected by the Jayakwadi Multi-Purpose Project.

One of the largest earthen dams in Asia and a place of historic religious background, Jayakwadi Dams constructed at Paithan. Because of the reservoir in the dam, this dam is called Nathasagar. The area of the dam is very picturesque and beautiful. The habitat of different types of plants, animals, and birds are found in the dam area. Around 37 types of plants such as

Spirogyra, Hydrailla, Potamogeton, etc are found around the reservoir. The Reservoir provided shelter to nearly 200 hundred different bird species, the caste includes more than 70 migratory birds. Nathsagar Reservoir is rich in Biodiversity and is shelter to about 45 important internationally migratory bird species like cranes, flamingos, pintails, vigion, pochards etc. The same dam, which would be a boon to millions of people, unfortunately, turned out to be a curse for the project affected community. About 36 thousand hectares of land have been submerged in the Nathsagar reservoir created by the Jayakwadi dam and around 118 villages have been rehabilitated, including Dahigaon-ne and many villages in its vicinity.

Most of the villages around Dahigaon-ne, depend mainly on agriculture. There is no sustainable income from agriculture and some people earn their livelihood by fishing in the water of the reservoir. Dahigaon-ne is a remote village in Ahmednagar district and Shevgaon tehsil, so there is always a lack of basic facilities in Dahigaon-ne and its surroundings. The students of the locality had to go to the tehasil and district places for higher education. Due to illiterate backgrounds, the number of children in the locality for higher education is less. Loknete Marutrao Ghule Patil Mahavidyalaya tried to fulfill this need for his education. The college works to carry the “*River of knowledge*” to the doorsteps of the students. The College is doing its best to fulfill the higher education goals according to the mission-

- 1) To provide quality higher education to all classes of society.
- 2) To educate and empower women
- 3) To contribute to nation building by generating a pool of skilled human resources.
- 4) To promote research culture among the staff and students for the benefit of the society.
- 5) To develop the scientific attitude among the rural students.

As the financial situation of the students is fragile due to their background in agriculture, fishing and labour, the college works to provide relief to the students by collecting fees in stages. To increase the proportion of girls in higher education, the college has created an environment conducive to the education of girls. Therefore, the number of girls enrolled in the college is maintained.

To develop the intellectual capacity of the students, the College has an infrastructure well equipped with all physical facilities. Qualified staff are available. Along with the intellectual development of the students, many cultural programs are organized in the college for all over development and avail better experience of learning, in which both male and female

students actively participate. Girls have performed well by registering participation at universities, state and national levels in sports considered to be male-dominated like wrestling and kabaddi. And this is what sets the college apart. After getting higher education from college, girls are currently working in the field of education, health, and police. Some of the students studying in the college have been selected to study abroad. It is a matter of pride for the college. College is working continuously ensuring the quality education for it has awarded ISO 9001:2015. With curricular extra co-curricular activities enhance the production of fulfilled quality masses for which college is being awarded as Best Rural State Level College.

## Gender Audit

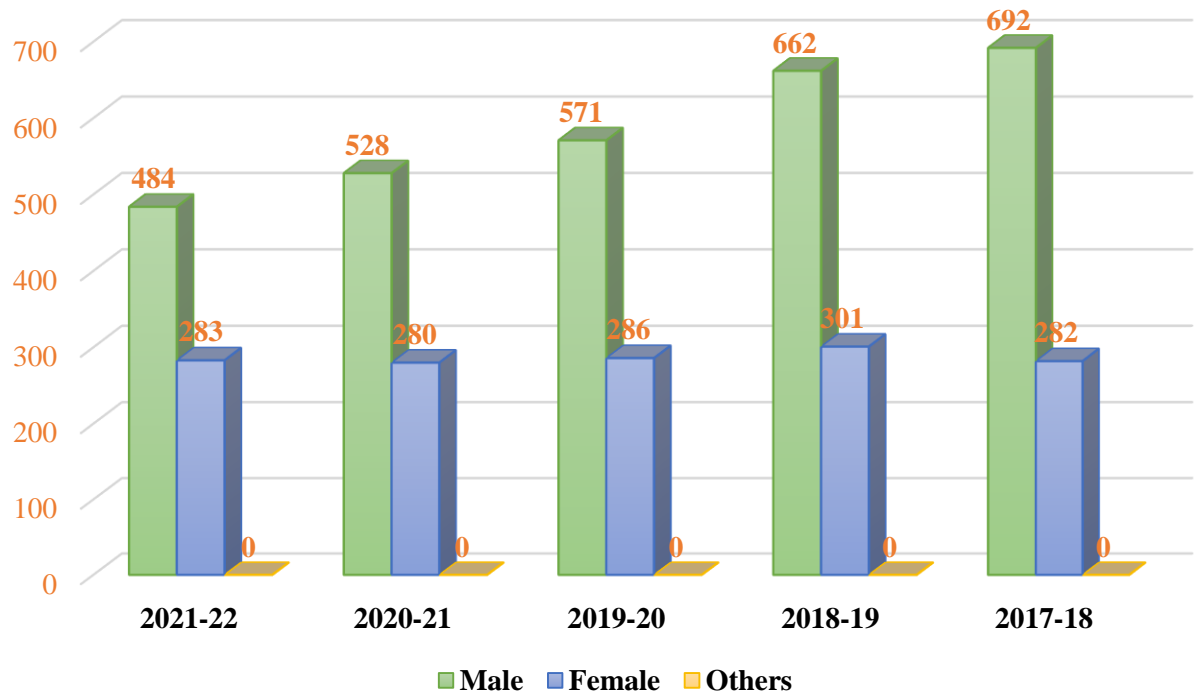

The Institute conducts gender audit for promoting gender equity and promotes the necessary activities to maintain it. The gender audit conducted during the academic year 2017-18 to 2021-22 is as follows.

Sr. No.	Year	No. of Students		Total	Percentage	
		Boys	Girls		Boys	Girls
1	2021-22	484	283	767	63.10	36.90
2	2020-21	528	280	808	65.34	34.66
3	2019-20	571	286	857	66.62	33.38
4	2018-19	662	301	963	68.74	31.26
5	2017-18	692	282	974	71.04	28.96

The report is submitted for information about enrolled students in college to further necessary action.
